

Dear Parents and Family Caregivers,

We read a story about Chin Lee, who has to make lots of decisions. Chin Lee is not in the first grade yet, and she needs older students to help her make smart choices and decisions. Our students helped Chin Lee learn that "guessing" is fun when we are playing games. But, guessing can't protect us. Our students helped Chin Lee learn that we can make smart choices and decisions if we "STOP and THINK IT THROUGH." Please ask your student about the story, and practice this activity together.

"Stop and Think It Through"

Rhyme/Rap/Cheer

***I make choices every day!
What to do, what to say.***

***I don't guess about what to do,
I always stop and think it through.***
